

## **LAUNCH INFORMATION & FAQs**

### **LAUNCH DAYS**

Port Superior Marina will be launching boats Monday through Saturday from 8:00 a.m. to 5:00 p.m. in May. We do not launch on Sundays, or the Saturday during Memorial Weekend unless special arrangements are made in advance by the owner.

### **LAUNCH TIMES**

Times are assigned on a first come-first served basis and scheduled on a specific date to help stage the boats for the day. Your exact time of day may shift based on the actual schedule allowances of the day. If you plan to be present during launch, please be at the marina by 8:00 a.m. on the morning of your assigned launch date. If you ask to be present for the launch of your boat but are not on site when the boat is ready, your launch may be delayed and possibly rescheduled. We will do our best to accommodate you with a new date. NOTE: If your boat must be moved as a result of missing your launch date, you may be subject to a \$75 moving fee.

### **SHRINK-WRAP REMOVAL**

The marina staff will remove the shrink wrap from all boats starting mid-April. If you want to keep your boat wrapped past our removal period, please let us know right away.

### **MECHANICAL and ADDITIONAL SERVICE REQUESTS**

We'll make every effort to help identify and complete any below the water line work prior to launch. We do walk arounds in the yard looking specifically at things like: bottom paint, the cutlass bearing, keel joints, unusually large hull cracks, and thru hulls. If one of these items comes to our attention, we will notify you of our particular concerns.

We will make every effort to complete all above water line work by the second week of June. Services provided after launch will be billed separately from your launch invoice, and will be identified as "Additional Launch Services".

Estimates will be given for requested repairs and services. Prior approval is required for work orders that require additional labor or materials. Boat owners will be contacted for approval before any work begins.

If your boat needs last minute service below the water line near your launch date, please notify the Service Department right away to determine if service can be addressed in time to maintain your scheduled launch slot.

### **PARKING DURING LAUNCH TIMES**

We will be launching all the boats out of the south parking lot (#6) near Pier 4 first. Please park in the main lot for the first week of launch. After May 13<sup>th</sup>, please park in lot #6 (near pier 4), leaving the main lot clear for launch traffic.
