Port Superior Marina contracts shrink wrapping services to enable the process to be completed shortly after haul-out. Our contractor will guarantee workmanship, but is not responsible for vinyl enclosures, equipment mounted on radar arches, hard tops or pulpits (i.e., spotlights, radars, antennas, etc.), acts of nature such as exceedingly heavy snowfalls or high winds, shrink wrap that has been cut into, and/or poorly maintained boats or boat parts. Snow removal may be necessary on shrink wrapped boats under certain snow conditions.

Port Superior Marina and their contractor cannot accept responsibility for issues arising on painted vessels due to shrink wrapping, or how materials on your vessel will react to being in contact with shrink wrap or the shrink wrapping process.

Shrink Wrap Removal & Disposal \$125.00

Service includes removal and disposal of material in mid- to late April unless other arrangements are made. Owner will be responsible for removal on later dates.
